

**Bdeo is a visual intelligence SaaS platform based in Spain, Mexico, Germany, and England and with customers in more than 30 countries.**

## OUR MISSION

Revolutionise the insurance industry with an innovative AI engine which improves evidence capture and automates damage detection, in order to streamline policy underwriting and claims management.

## PHOTO SOLUTIONS: VISUAL INTELLIGENCE TO AUTOMATE POLICY UNDERWRITING & CLAIMS MANAGEMENT

Bdeo's Photo Solutions digitises the interaction between insurance companies and policyholders, offering a comprehensive solution that spans from automatic policy subscription to the digitalisation of claims management through automatic damage detection.
